JUNIOR LEVEL EXHIBIT DESIGNER

TradeTec is currently seeking a Junior Level Exhibit Designer to join our Design team. This position will be responsible for creating innovative designs for a range of custom, modular and hybrid exhibits, assisting the Creative Team in delivering the highest level of exhibit design solutions. This position is full time with salary that will commensurate with applicant experience, skills, and education. An official offer will include a full benefits package including insurance and 401k.

JOB TITLE:
Junior Exhibit Designer

JOB PURPOSE:
Working with clients, sales and our design team to create layout and exhibit designs that are highly functional and meet the client's demands for their trade show needs.

SKILLS/QUALIFICATIONS:
Successful applicants will have a degree in Graphic Art or Exhibit Design. A strong portfolio of designs showing talent for custom exhibitory, graphic design, retail design, and event design is a must. This position requires an innovative, organized, detail oriented designer with the ability to handle multiple projects and manage project timelines. This design position requires hard work, dedication, and an ability to create and execute design strategy. Must be willing and able to manage a project from inception to production. Large format production knowledge is preferred.

Software Requirements
- Adobe Creative Cloud (Especially Photoshop and Illustrator)
- Strata 3D (or a related 3D program)
- Iron CAD or AutoCAD
- Flash and Dreamweaver are a plus.

Education
- 4 year degree in Graphic Design, Industrial Design, or related field.

Qualifications
- Detail Oriented
- Multitask oriented
- Relationship Builder
- Understanding of Exhibit + Graphic Design
- Salesforce.com Experience a plus
- Career Minded as opposed to a "job"
- Passion for this Industry and Client Success
- High Energy
- Strong Interpersonal Communication Skills

COMPANY DESCRIPTION

Preparing for an event is never a one person job. You need partners. Partners who can help you make a great first impression, which can help you demonstrate your professionalism and attention to detail. At TradeTec we are your partner at every stage of event management – from design to shipping and service logistics. We are there to help you select a great space, A/V equipment, lighting, and even event talent and personnel.

TradeTec provides clients a Big Brand Experience utilizing exhibit and event architecture and design, as well as graphic production, storage, online event management, and marketing. With a diverse range of clients, TradeTec supports corporate and special events, trade shows, and human resources events that engage and delight audiences from key prospects to business boards. TradeTec Skyline is a recipient of the INC 5000 fastest growing companies in America award three times since 2008.

Our fun-loving, high-energy, award winning design team has 10+ years of industry experience. We have a modern facility and cutting-edge design department that is both Mac and PC based.

KEY TRADETEC SKYLINE FACTS

- We've managed more than 36,000 projects for 6,000 satisfied clients – that's why our average client has worked with us at least six times.
- Our business volume affords us competitive pricing with top industry strategic partners.
- Our deep relationships with vendors and contractors of all sorts enable us to pull off miracles on a regular basis.
- 75% of our business is repeat- or referral-based.
